PROJECT

— Fall 2016 • Fall 2018 —

The two-year Key Bridge Rehabilitation and Enhancement Project will make travel safer for drivers, boaters, pedestrians and cyclists and ensure the crossing continues to serve the public for many decades to come.

Completed in 1923, Key Bridge was designed by Nathan Wyeth, who designed several other landmark structures, including the White House West Wing. It now carries more than 60,000 vehicles a day while its sidewalks are used by thousands of daily pedestrians and cyclists.

Why Choose Us

As a community-based initiative that serves youth and adults throughout the District Of Columbia and Maryland. We seek to ensure that the community at large is better off by offering assistance with housing, employment, and strength-based initiatives. Over the past decade Life Deeds has provided intervention and prevention services to over 4,000 District youth and adults between the ages of 16-35. We have implemented support services and programs through collaboration with District service providers, area schools, libraries, and District agencies such as the Metropolitan Police Department (MPD), the Department of Youth Rehabilitation Services (DYS), Department of Human Services (DHS), Department of Employment Services (DOES), and Office of Neighborhood Safety and Engagement (ONES).

Programs We Offer

Life Deeds, Inc. has created its own unique transformative mentoring program designed to instill values that facilitate independent living. Our substance abuse, life skills, workforce development, educational, and counseling services are designed to facilitate successful personal development and independent living without the encumbrances that accompany recidivism, alcohol abuse, drug usage, truancy, and other negative behaviors. Our engagement model consists of comprehensive assessments, co-creation of service plans that include the youth and their families, and incentive-based activities that are strength-based and constructive.

Families Success Centers

The DC Child and Family Services Agency's (CFS) Families Success Centers derived from the Families First DC initiative, the District's family-strengthening vision that is broader and bolder than Family First. The centers are in targeted neighborhoods east of the Anacostia River. CFS serves approximately three-quarters of the children and families who live in these communities.
